

Infant's Class Newsletter

Term 6 2025-26

Summer term 2

Welcome back to the final term of the year! What a wonderful year we have had, we can't wait for lots of fun before the summer holidays.

Curriculum

Year 1:

This term in *Science* we are continuing our learning about plants and insects.

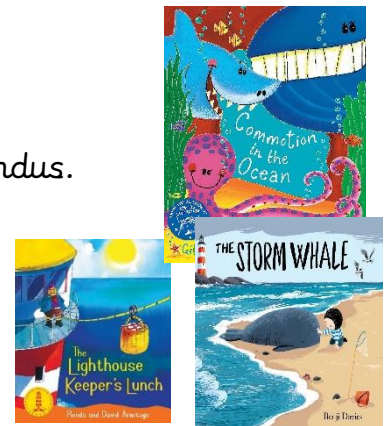

In *History* we are looking at Queens of Britain.

In *D&T* we are going to be making Fruit kebabs

RE will be focusing on Hinduism and places special to Hindus.

EYFS:

EYFS will be looking at the seaside, including the seaside in different country and in the past. We will be reading a selection of beach themed books.

We are continuing our drawing club, which encourages the children to draw and write and learn new vocabulary based on a book of the week.

Tapestry Talk Time

Please be aware that photos need to be on tapestry or emailed by Friday morning. Children do not need to have something to show each week (unless they want to).

Class Notices

Please apply sunscreen onto your children before school so they are covered for the morning. We can assist the children in reapplying for lunchtime and afternoon, so feel free to send in named sunscreen. Please check that the sunscreen does not contain form of coconut due to allergies in school.

Thank you for your continued support,

Mrs Pickering and Mrs McClue
