

Parent/Carer Letter

Dear parent/carers,

I'm delighted to inform you about a new service we're using to support your child's maths education. The creators of Times Tables Rock Stars have produced a platform for boosting addition and subtraction skills, called NumBots.

Big Difference

NumBots is an online game and playing little and often will significantly improve your child's recall and understanding of number bonds and addition and subtraction facts. These are critical foundations in maths so we are excited by the impact NumBots will have.

Logging In

Children have their own individual login details which were sent home in their book bags last week. Should you not have received this, it is in the format of: *firstname.lastname (e.g. john.smith)* and the password for all children is 0000. This is the same for Numbots and Times Tables Rock Stars. They might need some help navigating to the website and entering the details but once they're in, they just need some quiet space to get on with the games for 5 minutes. Please ask your child's teacher if they are struggling to login. Maths Circle (the creators of NumBots) cannot provide username and password information to parents, even during school holidays or out of hours. The Numblocks game (and Times Table Rock Stars) can be accessed via web browser or through a free download app.

Important: please don't allow siblings, friends or family to answer for them but do support your child if they're stuck.

Little and often

In order to get the best out of NumBots children should regularly play for short bursts so we would ask you to give them 5 minutes on Saturdays and 5 minutes on Sundays (or more!)

Game Types

1. Story Mode – the emphasis is on learning the ideas and concepts behind addition and subtraction so it features more diagrams, shapes and question styles.
2. Challenge Mode – the emphasis is more on speed of recall of key facts, like number bonds to 10, doubling small numbers or adding & taking away in your head.

Please email enquiries@bardney.lincs.sch.uk should you have any further questions.

Yours faithfully,

Mr Bielby
